

Package: genetics.binaRies (via r-universe)

September 14, 2024

Title Binaries for Tools Used in Genetics in an R Package

Version 0.1.1

Description A convenient way to make binaries such as plink, bcftools, and others available to other packages. This package forms part of the MRC IEU OpenGWAS system. The system includes other R packages, including: gwasglue, ieugwasr, gwasvcf, and TwoSampleMR.

`get_bcftools_binary` *Find binary for bcftools*

Description

Find binary for bcftools

Usage

```
get_bcftools_binary()
```

Value

Path to bcftools

Examples

```
if (Sys.info()[["sysname"]] != "Windows") get_bcftools_binary()
```

`get_gcta_binary` *Find binary for gcta*

Description

Find binary for gcta

Usage

```
get_gcta_binary()
```

Value

path to gcta

Examples

```
get_gcta_binary()
```

`get_plink_binary` *Find binary for plink*

Description

Find binary for plink

Usage

`get_plink_binary()`

Value

Path to plink

Examples

`get_plink_binary()`
